

Westbury Restaurant has proudly served the West Roxbury community for decades. We've built our reputation on offering an old-style breakfast and lunch menu at affordable prices, and on being a cherished part of the neighborhood's history.

Our classic diner-style counter has long been a gathering place where regulars share not only their first cup of coffee, but their stories. We've watched generations grow up here, carrying on the tradition of enjoying family breakfast in the same spot their parents and grandparents once did.

Since May 2022, Westbury Restaurant has been under the ownership of Erdi Kembora, a young entrepreneur who is committed to preserving our legacy while continuously enhancing the customer experience.

We look forward to welcoming you and serving you soon.
